APOTHECARY™ BATH COLLECTION

The Apothecary™ Collection draws its inspiration from the angular shapes of bottles in old apothecary shops—bottles that once held potent elixirs and are now sought-after collectables. The Collection transforms this vintage design essence into a transitional silhouette of contoured elegance and nuanced simplicity. Handles with squared-off lines, beveled edges, and chamfered corners are balanced by the elevated arc of the faucet for an enduring design that's eminently collectable in and of itself.
