### **Product Features**

- Induction elements efficiently utilize, transfer and captures 90+% of the energy generated and provides immediate response from high heat down to simmer.
- Extra-large ceramic glass surface with 5 induction burners provides plenty of space for all your surface cooking needs.
- Large 10" diameter center burner features a 3700 watt power boost for faster heat-up of large pans.
- Nine power setting insure the precise temperature for all your cooking needs.
- Additional features include overheat, detection, residual heat indicator, child lock and automatic heat-up.

### **Ordering and Shipping Information**

Orders are currently being accepted on all models listed above with dealer shipments to begin June 30, 2024

### **Sales Support Materials**

Sales Support Materials (including price sheets, photography and specs sheets) can be found on the Middleby Residential Dealer Portal.

## P R O D U C T   A N N O U N C E M E N T

**AGA Introduces New AGA ERA Range**

The AGA ERA is a mix of evolution and revolution. It's where technology meets design and where heritage meets modernity. It's where glass is used extensively for the first time to create a striking, unified aesthetic that is beautiful, contemporary and fits perfectly into a modern kitchen.

**Model Numbers and Descriptions**

- AERA44INS                      AGA ERA 44" Range

**Product Features**

- Ultra Contemporary Black Glass Facia with Chrome Trim
- Simple touch-control, four-zone induction hob plus a controllable Cast-Iron Hot Plate for fast, safe and energy-efficient cooking.
- Includes a bridging function on both the left and right hand sides for use with a griddle or large pans.
- Features also include, boil dry detection, timer, pot detection, child lock, pause button and 'power boost' function which provides ten minutes of maximum power.
- Large cast-iron hotplate which holds up to four pans and can be set to either boiling or simmering mode. The hotplate heats up in under 12 minutes and has a cast-iron vitreous enamel surround for resting pans.
- AGA ERA has two cast-iron heat-storage ovens – one for roasting and baking and one for long, slow simmering. The roasting and baking oven has eight temperature settings; from high temperature roasting (R9) to gentle baking (B1) and heats up in just 60 minutes.
- Both cast-iron ovens have an internal Altrashell™ coating plus removable door liners for ease of cleaning.
- The convection fan oven has nine temperature settings and a heat up time of 15 minutes. The fan oven door features a heat reflective, tinted window and the oven is internally lit to view your cooking.

**Ordering and Shipping Information**

Orders are currently being accepted on the AGA ERA Range with dealer shipment about 16 weeks after order is received.

**Sales Support Materials**

Sales Support Materials (including price sheets, photography and specs sheets) can be found on the Middleby Residential Dealer Portal.

**AGA Introduces New Raspberry Color to Cast Iron Collection**

AGA has expanded its color offering for the Classic Cast Iron Collection to include the new color Raspberry. This new color is available for order on all AGA Classic Cast Iron Ranges.
