INFINITE FLEXIBILITY, SPOTLESS RESULTS

Already acclaimed for their innovative features, Cove Dishwashers now have ADA height models that provide even greater design and installation flexibility.

**NEW**

#### ADAPTABLE FOR ANY HOME AND HOMEOWNER

Standard and ADA height models fit standard openings in both new and renovated kitchens. Handleless designs are achievable for panel-ready models.

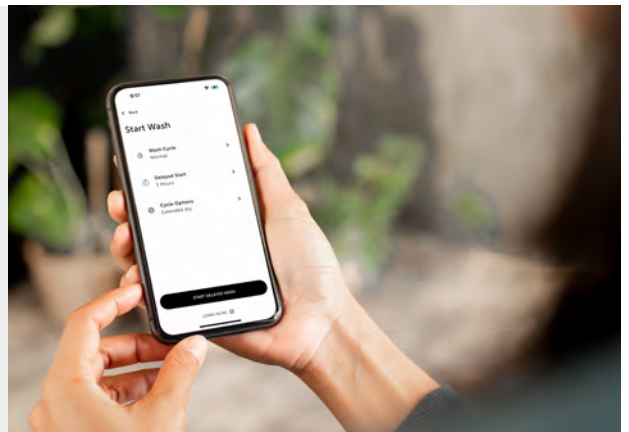

#### ADVANCED CLEANING FOR EVERY ITEM

Cove's cleaning system ensures spotless results with every cycle—yet it's so quiet you won't even know it's running.

#### CONVENIENT OWNER'S APP

Wi-Fi enabled features allow you to remotely monitor cycle progress, start a new cycle, or receive alerts when detergent or rinse aid is low—even receive auto-shipments of new supplies.

### INTUITIVE FLEXIBILITY

Every bright green component is an adjustment point. The height-adjustable middle rack and fold-down tines accommodate large pots and tall items.

### HIGH-PERFORMANCE CLEANING

Three powerful spray arms and 43 spray jets clean every item expertly; fine-mesh filter traps food and grease for fresher water through every cycle.

### THOROUGH DRYING

Every glass, dish, and utensil comes out spotless and dry thanks to the hot rinse and fan assist.

### WHISPER-QUIET OPERATION

Operates in near silence that never interrupts.

### INTERIOR AESTHETICS

Quality and style meet in a striking stainless-steel interior with a clean, fastenerless design.

### LED LIGHTING

Interior LED lights provide greater visibility.

### CUSTOMIZED WASH CYCLES AND OPTIONS

Mix-and-match wash cycles and add-on options to customize your cleaning needs.

### LEAK PROTECTION SYSTEM

Enjoy peace of mind in the rare event of a leak. A conductivity sensor in the base of the unit will automatically stop a cycle in progress if it detects water outside the tub.

### HIDDEN CONTROL PANEL

Dishwasher disappears into the kitchen with a hidden control panel and discreet status light.

### DESIGN COHESION

Coordinates perfectly with classic Sub-Zero and Wolf stainless-steel appliances or accepts custom panels to integrate with kitchen cabinets.

### BUILT TO LAST

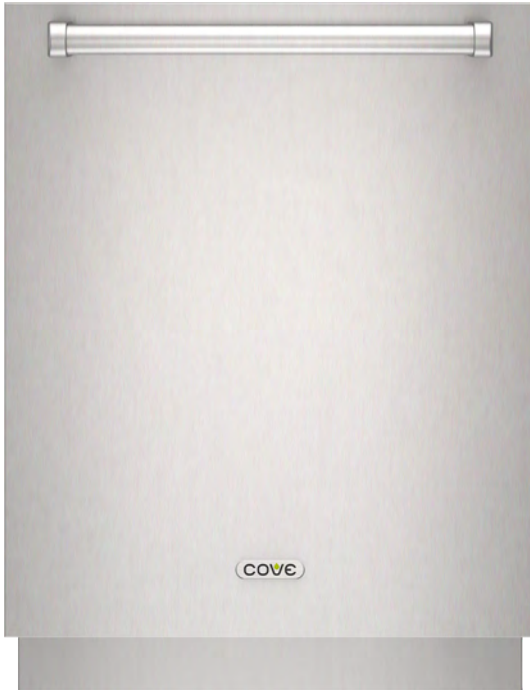

Made of premium-grade materials, Cove dishwashers are designed to last a minimum of 20 years. Major components are subjected to extreme stress tests prior to assembly, and every major function is tested before shipping.
