Sophisticated Simplicity for Multi-Family Properties

CFG's Aluma bathroom collection blends soft curves and sharp angles for a soft modern presence and includes faucets for the bathroom and tub and shower. All faucets' lines and cylindrical shapes create a balanced, visually striking design that's both practical and affordable, making the collection an ideal choice for this setting. Aluma also offers the key features CFG is known for: simple installation, exceptional durability and ease of maintenance, all of which extends the products' value for multi-family properties.

*All Brushed Nickel faucets feature PVD finish technology.

OUR RULE OF FOUR SAVES YOU TIME AND RESOURCES

Easy Install

CFG faucets save you 10 minutes on every install. In-person and online training gives you the confidence to do it right the first time.

Simple Maintenance

CFG cartridges require 35% fewer replacements.* And with standardized working parts, crews become more familiar and repairs are more efficient.

Available Parts

Quickly source parts through our nationwide wholesaler network—or in the preloaded, no-charge parts toolbox we offer at the completion of your project.

Long-Term Durability

Buy with confidence knowing that CFG faucets are tested tough and backed by the industry's most comprehensive warranty.
