## FOCUS TECHNOLOGY

**NEW** **True iQ Blower System** is the quietest blower system, offering near-silent operation. It is powered by our exclusive TrueCFM technology, which guarantees performance with automatic, real-time calibration.

**NEW** **SmartSense Pro** delivers an automated ventilation solution with smart algorithms detecting heat from the cooktop and automatically adjusting fan speed based on heat, humidity and VOC pollutants.

**NEW** **Correlated Color Temperature (CCT)** technology gives home chefs many color temperature options to customize range hood LED lighting — from 2700K to 5000K — to match kitchen light color. Adjusting is easy with the control panel or the BEST Kitchen app.

**Code Ready Technology® (CRT)** can limit airflow to 300 or 400 CFM (or 600 CFM on select 1200 CFM models) to comply with local make-up air code requirements.

**EZ Install** bracket system saves time and money with simplified installation.

**Wi-Fi**, Bluetooth and voice control capabilities enable hands-free operation. The **BEST Kitchen app** is compatible with select range hoods.

**iQ Blower System** with Guaranteed Performance System (GPS) technology calibrates the range hood to any ducting application with the touch of a button for superior performance.

**SmartSense** uses infrared sensors to monitor heat coming from the cooking surface and automatically adjusts hood fan speed.

**VERTEX®** Dual Capture Design technology draws heat, steam and smoke into front and top inlets for ventilation that rivals the finest competition.

**5-year parts/2-year labor limited warranty** helps keep range hoods in proper working order.

SCAN TO LEARN MORE

**NEW HBN5 SERIES**

- TrueCFM: 620, 1240
- Width: 36", 42", 48", 54", 60", 66"
- Depth: 20 1/4", 23 1/2"
- Sound level: Less than 0.3 sones at low speed
- Control: Slider offers 8 fan speeds, 8 LED lighting levels with CCT

**NEW HBN22 SERIES**

- TrueCFM: 1240
- Width: 30", 36", 48"
- Depth: 15 1/16"
- Sound level: Less than 0.3 sones at low speed
- Control: Slider offers 8 fan speeds, 8 LED lighting levels with CCT

**NEW HBN3 SERIES**

- Max CFM: 650, 1200
- Width: 30", 36", 48"
- Depth: 20 1/4", 23 1/2"
- Sound level: Less than 0.3 sones at low speed
- Control: Slider offers 4 fan speeds, 4 LED lighting levels

**NEW HBN65 SERIES**

- Max CFM: 650
- Width: 30", 36"
- Depth: 14 3/16"
- Sound level: Less than 0.3 sones at low speed
- Control: Slider offers 4 fan speeds, 4 LED lighting levels

**HBN1 SERIES**

- 2022 Good Design Award winner
- Max CFM: 650
- Width: 24", 30", 36"
- Depth: 11 7/16"
- Sound level: 0.3 sones at low speed
- Control: Soft-touch offers 4 fan speeds, 3 LED lighting levels

**D49M SERIES**

- Max CFM: 650 to 1650 (blower sold separately)
- Width: 30", 36", 48"
- Depth: 2"
- Rise: 18"
- Sound level: 0.8 sones at low speed when using PF6 internal blower
- Finish: Stainless or black stainless; black stainless in 30" and 36" only
- Control: Electronic offers 4 fan speeds, 2 LED lighting levels

**CHIMNEY**

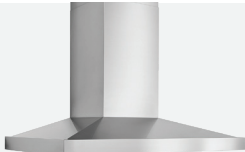

**WCP1 SERIES**

- Max CFM: 650
- Width: 30", 36"
- Depth: 22"
- Sound level: 0.3 sones at low speed
- Control: Slider offers 4 fan speeds, 4 LED lighting levels

**WCS1 SERIES**

- Max CFM: 650
- Width: 30", 36"
- Depth: 20"
- Sound level: 0.3 sones at low speed
- Finish: Stainless or black stainless; black stainless in 30" only
- Control: Slider offers 4 fan speeds, 4 LED lighting levels

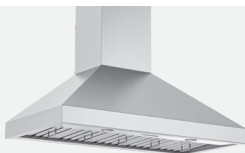

**WCT1 SERIES**

- Max CFM: 650
- Width: 30", 36"
- Depth: 20"
- Sound level: 0.3 sones at low speed
- Control: Slider offers 4 fan speeds, 4 LED lighting levels

**WPP1 SERIES**

- Max CFM: 800, 1500
- Width: 36", 48"
- Depth: 24"
- Sound level: 0.3 sones at low speed
- Control: Electronic offers 4 fan speeds, 3 LED lighting levels
