Tumble Dryers

TXD 160 WP

11619650

Entry level unit

- Heat pump drying; not condensation - far more efficient and faster
- **10 drying programs standard**
- DirectSensor controls – 7 segment display
- Wi-Fi
- Perfect Dry moisture sensing technology
- Dual stage lint filtration system
- Miele exclusive Honeycomb drum for reduced wrinkling and better care of delicate fabrics
- Intelligent drum reversal
- Water reservoir for collecting water or the unit can be drained easily with no collection necessary
- 8kg load capacity
- Add laundry feature
- Delay start up to 24 hours
- Single fragrance slot
- Reversible door

TWD 360 WP

11619730

- Also an entry level unit, with the same features as the TXD 160 WP
- Black door version with glass partition vs solid door on TXD 160 WP

TXI 680 WP

11619850

Next model in the lineup, all the features of the TXD and the TWD, plus:

- Chrome ring and white door
- Updated ComfortSensor screen
- **+9 added drying programs**
- SoftSteam assist to further reduce wrinkling
- Dual fragrance slots

TXR 860 WP

11620030

All the features of the TXI 680 plus

- M-Touch controls
- Interactive drying assistant for different fabric types
- Ability to save favorites when modifying drying cycles
- Program sequence indicator

Laundry stacking options and accessories

WTV 502

9256140

Standard Miele stacking kit

- For space saving and safe installation of a washer-dryer stack
- Adds approximately 1" to the overall height stack, so overall height will be at 67" for the tower

WTV 512

9351790

Miele stacking kit

- With integrated drawer for convenient storage of items or as a platform for folding clothes; push to open mechanism
- Adds approximately 4" to the overall height stack, so overall height will be at 71" for the tower

WTS 510

9322300

Miele laundry pedestal

- For more convenient loading and unloading of laundry
- Push to open drawer adds extensive storage capability
- Adds approximately 12" to the overall height of the units

NEMA 14-30

10983750

Miele **4 prong** NEMA adapter

- Adapter for connecting W1 and T1 to a 208/240 V outlet
- Allows both washer and dryer to operate from an existing dryer outlet
