HBN5 & HBN22 PRODUCTION RESUMES

BEST® has announced production for the HBN5 and HBN22 Series has resumed. For the entire month of July, the production line will be focusing exclusively on these items, allowing them to quickly build up inventory. They expect that any orders placed at the beginning of August will be fulfilled within the standard 2- to 4-week lead time.

NEW HBN5 MODEL LAUNCH UPDATE

The new HBN536212SS announced in May 2025 is now in production and available to order.

- It is a 36" width unit with 23 1/2" depth and 1240 True CFM. It offers the same features and technology as the other models in the HBN5 Series.

Model	Description	MSRP	MAP
HBN536212SS	SS 36" Built-In Insert/23-1/2 IN D/IQ12	\$3,099	\$2,799

WP28 PRO HOOD REDESIGN

Over the last few years, BEST® has experienced a decline in their pro hood sales. In Q1 2026, they will be launching a redesigned version of the WP28 pro hood series to address the most common feedback received on the current units. The following improvements will be made:

- More attractive shape that eliminates the "nose" from the front of the unit.
- Better spot-welding process to make the spot welds less noticeable.
- Reactivation of the flue covers (see page 2)

BEST® believes by making these positive changes they will be able to return to growth and potentially unlock future opportunities in the pro hood category. More specific details on the redesign will be coming in Q4.

An updated BEST® Price list will be available by July 25, 2025, and the updated BEST® Price book will be available in early August.

WEBSITE UPDATES

The following improvements have been made to the website:

- A Discontinued flag has been added to discontinued products making them easily identifiable.
- A CAD drawing library has been added to the product pages for models launched in 2025 which includes the HBN5, HBN22, HBN3, and HBN65 Series. Look for more items to be added in the future.

PRODUCT DISCONTINUATIONS

The models listed below are the most recent items to join the Obsolete status as part of the continued focus to provide products that meet market demand. This information on the under-cabinet range hoods comes with a bit more advanced notice, as the final production has concluded. Products are first-come, first-served while supplies last. Once the inventory is gone, these items will become permanently unavailable.
