## 2025 STANDARD MIRRORED CABINETS PRICE SHEETS

Price sheet includes, frameless and framed cabinets

Issued 7/1/25

GlassCrafters offers a non-beveled standard mirror or a 3/4" beveled mirror option for each of the five decorative framed styles. All cabinets feature rust-proof Satin Anodized aluminum construction. Each GlassCrafters' cabinet features Blum hinges and soft close cushions. All doors are precisely mitered eliminating plastic seals and vinyls. Decorative framed doors are manufactured with satin aluminum interior door frames to best complement our five decorative finishes. Surface mounted and semi-recessed cabinets require the purchase of side mirror kits.

4100k

GlassCrafters' lights range between 2700 - 3000 Kelvin color temperature.

Specifically designed to precisely project light at user's face, reducing shadows for makeup or shaving applications. We have found that 2700 - 3000 Kelvin color temperature (warm white light) with a color rendering index of 80-90 (for enhanced skin tones) provides the best environment for personal grooming tasks.

Note: Product specifications and installation instruction sheets for all product models are available for download at [www.GlassCraftersMirroredCabinets.com](http://www.GlassCraftersMirroredCabinets.com). Vertical LED Task Lights are not available in custom sizes.
