

Product Memo: LD20250703

Date: July 3, 2025

From: Dirk Sappok

Subject: Updated Laundry Stand WTS 610

Dear Team,

We are pleased to announce the launch of the **updated Miele Laundry Stand WTS 610**, which will serve as the **direct replacement for the WTS 510**.

Key Updates:

- **Product Replacement:** WTS 610 replaces WTS 510.
- **No Price Change:** The UMRP remains at \$649 the same as the previous model (as of July 1st).
- **Installation:** Identical to WTS 510—no changes required.
- **Visual Update:** The Miele logo has been repositioned from the center of the drawer front to the **top left corner of the handle**.

Inventory & Ordering:

- **WTS 510 stock is nearly depleted.**
- **All future orders should be placed under WTS 610 (Mat#12349900).**
- Any remaining WTS 510 orders will be automatically transitioned to WTS 610 once inventory runs out.

Availability:

- The WTS 610 is now **live on B2B and Mieleusa.com**.
- **Pricebooks and flat files** are currently being updated to reflect this change.

Thank you for your attention and support in ensuring a smooth transition.

Best regards,
Dirk Sappok

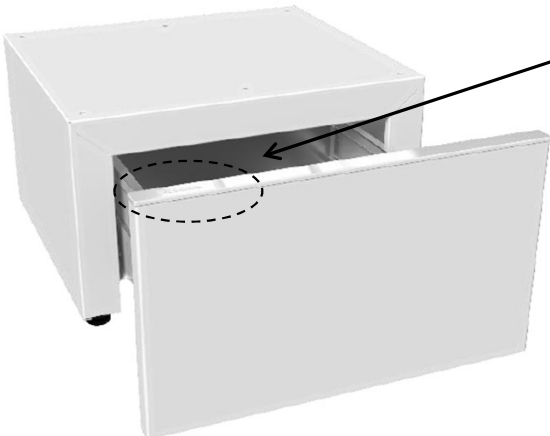

Design Comparison: WTS510 and WTS610

The Miele logo is no longer located on the front of the drawer but is now integrated into the top of the front. In addition, the front gap between the appliance and the plinth panel has been optimized to create an even more harmonious appearance. Overall dimensions and installation/attachment to the laundry appliances has not changed.

Current WTS 510

Successor WTS 610
