

Delta® Clarifi™ Water Filtration Systems

This new, exciting Delta® water quality launch includes two new filtration system options. They're tested and certified by the IAPMO R&T Lab to improve in-home water quality. Designed for reliable, easy-to-use in-home filtration, the digital display monitors and reports filter and battery life along with sound alerts. Filter changes are quick and easy with cartridges that install with a simple twist and lock mechanism and don't require water to be shut off.

Open to order 9.6.2025
Shipping 10.7.2025

Reduce plastic water bottle usage in your home: These systems save up to 5,000 water bottles per year per 1-year filter life, the average filter lifecycle of both systems.

- 5-year Electronic Residential Limited Warranty and 1-year Commercial
- Battery-powered systems do not require connection to outlet/electricity (3 AA batteries required, no option for AC power)
- Audible alerts notify low battery and when a filter needs to be changed.
- Cold water installations only

DWQ3501510

The Clarifi™ High-Flow Water Filtration System

- High flow, under-sink one-stage filtration system with 1.8 gpm flow rate.
- Can be installed with the main kitchen faucet or bathroom faucet. Does not require a secondary beverage faucet. (Cold water installations only)
- Reduces chlorine, taste, odor and microplastics.
- Certified by IAPMO R&T Lab against NSF standards 42, 372, and 401.

DWQ3502020

The Clarifi™ Advanced Water Filtration System

- Reduces 72 contaminants including lead, PFOA/PFOS, chlorine, chloramine and cyst.
- Two-stage, under-sink filtration system with 0.75 gpm @ 60 psi flow rate
- Pairs with Delta® Beverage Faucets, available in a variety of styles and finishes. Beverage faucet does not require an air gap, like RO.
- Certified by IAPMO R&T Lab against NSF standards 42, 53, 372, and 401.
