Quatrus Family – New List Prices & UMAP

To better align the Quatrus R0 and R15 families within the Stainless Steel sink category, we will be lowering the List prices across these product lines. At the same time, we're pleased to share that UMAP will be improved to 30%, aligning with the UMAP of Cuvee and Precision while also helping to preserve margin. As part of this update, all Quatrus boxed SKUs will be removed from the National Net sheet, while **nested** Quatrus SKUs remain.
