

PRODUCT ANNOUNCEMENT

Bulletin Number – Viking-03.26**Date: February 26, 2026****This bulletin contains information on the following topic:**

- Viking Side-by-Side Refrigeration Update
- Refrigeration Panel Update

Viking Side-By-Side Refrigeration

As previously communicated, production of Viking VCSB/FDSB 42"W. and 48"W. Side-by-Side Refrigeration models are transferring to the Middleby Refrigeration Center of Excellence in Greenville, MI. Production of these models will begin end-March, which is the original date for the transition of production.

As of today, inventory of the VCSB/FDSB5424 Side-by-Side models has been depleted. Middleby Residential has limited inventory of the VCSB/FDSB 48"W. SxS models and anticipate this inventory lasting until mid-March, 2026. This date could change depending on order rate. Inventory availability can be easily accessed on the Dealer Portal.

All orders currently in the system for 48" SxS models as of 2/26/2026 will be shipped to the dealer. All new orders for 48" SxS models will continue to be filled as long as inventory is available. Once inventory is depleted, orders for VCSB/FDSB5484 will continue to be accepted. Production of the 42"/48"W. models will begin in the New Refrigeration Center of Excellence and the 42"W models are expected to begin shipping to dealers the week of April 13, 2026 and the 48"W models the week of May 4, 2026.

Summary of information:

- Production of all VCSB/FDSB SxS models begins in end-March 2026 at the Refrigeration Center of Excellence
- Inventory has been depleted on the VCSB/FDSB5424 42"W. models. Orders are still be accepted, with delivery to dealers expected to begin the week of April 13, 2026
- Inventory is limited on the VCSB/FDSB5484 48"W. models Orders will continue to be accepted, with delivery to dealers expected to begin the week of May 4, 2026
- All model numbers remain the same as current model numbers
- For painted units, order the FDSB model and accessory painted door panels. Door panels have a 10-12 week lead-time.

Veil Door Panels and 5 Series Painted Door Panels

- Inventory is available for most models of Veil Stainless Steel Panels with additional inventory shipping. Please check Dealer Portal for available inventory.
- Painted door panels for both Veil and 5 Series Refrigeration products have a 10-12 week leadtime. All orders currently in the system are expected to be produced within 3 weeks and shipped to the dealer within 4-5 weeks, depending on warehouse location.
- RVL door panels are expected to produce by the end of March and shipped to the dealer the first of April.
