# COMPLIANCE

## WATER EFFICIENCY

Our products that have Water Sense compliance are using water more efficiently so it will conserve supplies for future generations.

The WaterSense program offers consumers a simple way to make product choices that use less water, with no sacrifice to quality or product performance.

## NATIONAL STANDARDS

Our products complies with the Canadian Uniform Plumbing Code (cUPC) certification. This are the designated American and Canadian national standards, respectively. They design these codes to provide consumers with safe and sanitary plumbing systems. Commercial construction projects, as well as many residential construction projects, normally require specified products to be certified. Products with the cUPC mark are in compliance with applicable American and Canadian codes and standards.

## LEADFREE PRODUCTS

Our LeadFree products will use not more than a weighted average of 0.25% lead when used with respect to the wetted surfaces of a pipe, pipe fitting, plumbing fitting, and fixture. The rule also requires not more than 0.2% lead when used with respect to solder and flux. Section 3.5 of NSF/ANSI 61 precludes the use of lead as an intentional additive in wetted materials and components of products, with the exception of brass and bronze meeting the definition of "lead free".

## CERTIFIED LEAD FREE

This new certification mark guarantees that the product complies with the most stringent lead-free and drinking water safety requirements. The Q ≤ 1 standard indicates the lowest level of lead leaching allowed, ensuring maximum safety for potable water applications.

State and Local codes may vary, so please verify the requirements in your area and have a registered, licensed plumbing contractor perform all installations.

## FRANZ VIEGENER LIFETIME LIMITED WARRANTY

Franz Viegener, striving to produce the very best, high quality product offers consumers a lifetime limited warranty on our Franz Viegener branded products. This warranty is limited to products manufactured by us and branded as Franz Viegener that were purchased from a Franz Viegener Authorized Dealer by a consumer in North America after August 1, 2021, and installed according to the installation instructions, subject to the below terms.

### WARRANTY

Franz Viegener warrants to the original consumer purchaser the products to be free from defects in material and workmanship for as long as the original consumer purchaser owns both the product and the home in which the product was originally installed, except that powder coated paint finishes are limited to three (3) years from the date of [purchase]. For commercial purchasers the warranty period applicable to all covered products is three (3) years from the date of purchase. Any applicable implied warranties that cannot be disclaimed are limited to the same duration as the express warranty herein. This warranty is non-transferable.

### FRANZ VIEGENER'S RESPONSE

Franz Viegener, at its option, will replace any product or part of any product that proves to be defective in material and/or workmanship, under normal installations, use, service, and maintenance. If Franz Viegener is unable to provide a replacement product or part and repair is not practical or cannot be made in a timely fashion, Franz Viegener may elect to refund the purchase price in exchange for the return of the defective product.  
REPAIR OR REPLACEMENT (OR, IN LIMITED CIRCUMSTANCES, REFUND OF THE PURCHASE PRICE) AS PROVIDED UNDER THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY OF THE PURCHASER.

## WHAT IS NOT COVERED BY THE WARRANTY

The following items are not covered by the terms of this warranty:

- All finishes on drain assemblies.
- Any wood, leather, and other non-metallic components.
- Unlacquered brass and other living finishes.
- Unless prohibited by law, Franz Viegener products purchased from unauthorized sources. The complexity and control of the open markets with regards to resellers, e-commerce and online trading of secondhand goods force Franz Viegener to only offer this warranty for products purchased from Franz Viegener Authorized Dealers as listed on the Franz Viegener website, [www.franzviegener.com](http://www.franzviegener.com).
- Labor and other expenses for disconnection, deinstallation, or return of the product for warranty service, as well as packaging and shipping, or for installation or reinstallation of the product.
- Accessories, connected products and materials, or related products not manufactured by Franz Viegener.
- Any Franz Viegener products sold for display purposes.

Franz Viegener shall not be liable for any damage to the product resulting from reasonable wear and tear, outdoor use, misuse including use of the product for unintentional applications, freezing, excessive water pressure, pipe corrosion and extreme hard water in the home in which its installed, abuse, neglect, improper installation or installations inconsistent with Franz Viegener's instructions, maintenance or repair, including the use of abrasive or caustic cleaning agents, ammonia and no-rinse cleaning products.

Necessary maintenance or repairs on Franz Viegener products can be performed by any company. However, damage caused to products by you or any non-authorized third party may void this warranty.

This is Franz Viegener's exclusive warranty. TO THE EXTENT ALLOWED BY LAW, FRANZ VIEGENER PROVIDES THIS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED. FRANZ VIEGENER DISCLAIMS ALL LIABILITY FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Some states/provinces do not allow limitations of how long an implied warranty lasts or the exclusion or limitation of such damages, so these limitations and exclusions may not apply to you. This warranty gives the consumer specific legal rights. You may also have other rights that vary from state/province to state/province.

## JOSEF MOSKOVIC

LEAD DESIGNER,  
FRANZ VIEGENER

With more than 35 years of experience in the plumbing industry and a minor education in art, Josef Moskovic strategically applies elements of design and technology in the creation of faucet styles that defy industry norms. He likens himself a *“product developer with design intuition”*, and he’s been working with the team at Franz Viegener for more than 10 years; turning his napkin and notebook sketches into award-winning designs. His strength is his ability to push both the mechanical and design aspects of the Franz Viegener collections.

The division in Buenos Aires he heads prides itself on its hand-craftsmanship, rather than mass production. Being 5,600 miles away from the Franz Viegener factory is sometimes a challenge, and there are some of cultural and social differences, yet nothing has impeded Josef’s ability to design what he has wanted.

Josef’s passion about his work is summed up best in this way; when asked which collection is his favorite – he replied, *“That’s like asking a parent which of their children is their favorite!”*

## GERMÁN DEL CAMPO

DESIGNER

Leonardo Solferino, Germán Del Campo and María Laura Rubira are the creative minds working alongside Josef Moskovic. With their passion for innovation and meticulous attention to detail, they bring a unique

## MARÍA LAURA RUBIRA

DESIGNER

blend of artistry and functionality to each collection. Together, they embody Franz Viegener's commitment to craftsmanship and excellence, ensuring that every faucet is a masterpiece of design and engineering.

## LEONARDO SOLFERINO

DESIGNER

Their collaborative efforts result in faucets that not only enhance the aesthetic of any space but also elevate the user experience to new heights.

## CHRISTIAN MOHADED

ARTIST & DESIGNER

Christian Mohaded, an argentinian artist and designer. A graduate of the National University of Córdoba, he currently divides his time between Buenos Aires and Milan. Throughout his career, Mohaded has collaborated closely with artisans from Argentina, delving into traditional crafts and local culture. This exploration has led him to blur the boundaries between design and art.

# EXQUISITE FINISHES

Ultimate Pro Bond offer each Franz Viegenger collection exceptional robustness/strength and resistance to wear and corrosion, while maintaining their shine and appearance in every color. These finishes are the result of a physical vapor deposition (PVD) process.

## WHAT IS PVD?

Franz Viegenger's collection finishes offer exceptional robustness, strength and resistance to wear and corrosion, while maintaining their shine and appearance in every color. These finishes are the result of a physical vapor deposition (PVD) process. A pollution-free and environmentally friendly technique. This process, that inputs metallic steam into a vacuum in airtight machines, coats each corner of the pieces, achieving unique colors that last for generations.

## POWDER COAT

FLAT BLACK

Explore the modern allure of powder coat finishes, where bold hues meet durability, creating a vivid statement in your bathroom.

## UNLACQUERED POLISHED BRASS\*

NAKED BRASS  
UPB

a testament to timeless elegance and natural beauty, evolves gracefully over time, developing a unique patina that tells the story of its journey in your home. Embrace the allure of authenticity with our living finish, a true expression of individuality and sophistication.

\*Unlacquered Polished Brass is a living finish, intended to transform with age and use. Yet it may also be restored to their near-original state if desired. It will become richer and more golden in color with exposure to air and touch. It will lose some of its mirror reflective polish and develop a patina that is equally appealing. However, to restore the polished look, simply use a tarnish remover (we recommend the brand Flitz) and a microfiber cloth.

## STEPS TO ORDER

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

Example:

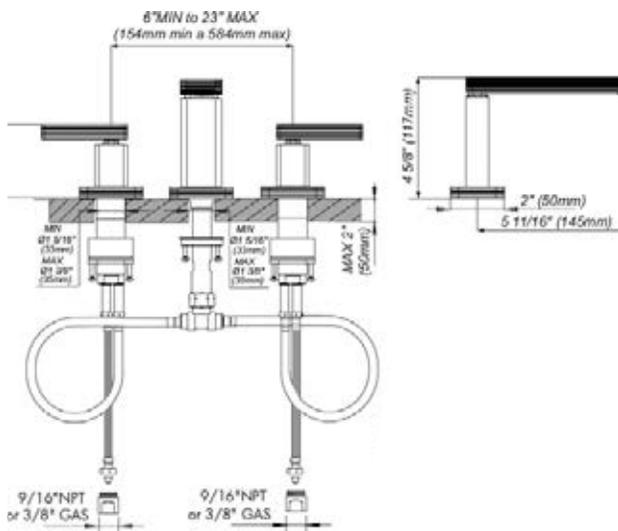

FV207/F7

Widespread Lavatory Faucet

- Widespread lavatory faucet with push-down, pop-up drain assembly with overflow.
- All Brass Construction
- Our filter screens prevent sediment build-up, protecting the faucet's performance and finish.
- Flow Rate: 1.2 gpm maximum
- Swivel Aerator
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV207/F7 for the Zephyr collection. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section.

For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV207/F7-BN.

Refer to the table for all available finish options, codes, and details.

## STEPS TO ORDER

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

Example:

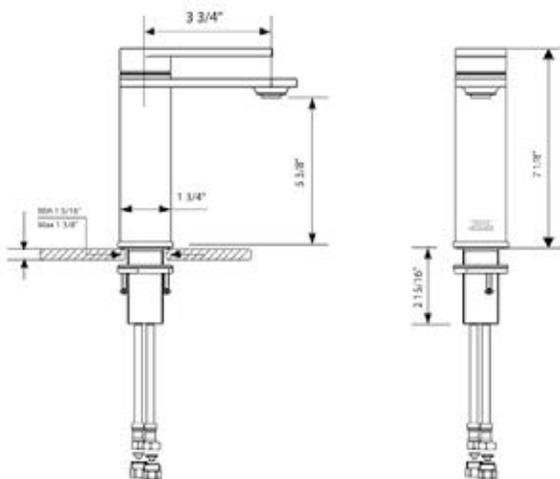

FV181/K1

Single handle lavatory faucet

- Single handle lavatory faucet with push-down, pop-up drain assembly with overflow.
- Flow Rate: 1.20 gpm @ 60PSI
- Stationary spout with recessed aerator device.
- Flexible SS connectors with sediment screens.
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV181/K1 for the Seven collection. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section.

For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV181/K1-BN.

Refer to the table for all available finish options, codes, and details.

## EXPLORE OUR GROOVY COLLECTION

SPECIAL  
FEATURES

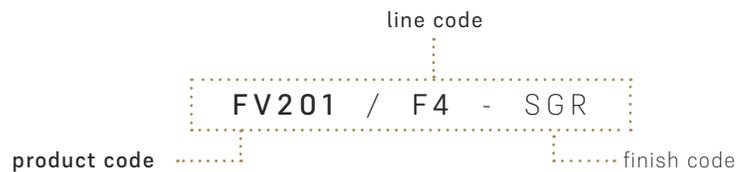

Rhythm, texture and bold personality.

### STEPS TO ORDER

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

Example:

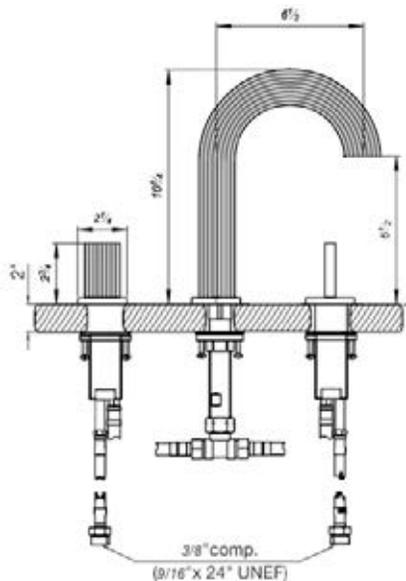

FV207/F4

Widespread Lavatory Faucet

- Widespread lavatory faucet with push-down, pop-up drain assembly with overflow.
- All Brass Construction
- Handles come preassembled on valves for ease of installation
- Flexible stainless steel supply line with sediment screens.
- Our filter screens prevent fouling of the cartridge
- Flow Rate: 1.2 gpm maximum
- Recessed aerators
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV207/F4 for the Groovy collection. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section.

For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV207/F4-BN.

Refer to the table for all available finish options, codes, and details.

## STEPS TO ORDER

To request products with different handle options, start with the base code FV201/J3D for the Edge Round Handle. Simply append the appropriate suffix for you chosen handle:

For Round, use "J3D". | For Cross, use "J3".

### Example:

FV207/J3

Widespread Lavatory Faucet

YOU CAN CHOOSE YOUR HANDLE OPTION

HOW TO COMPOSE YOUR CODE

Start with the base code FV207/J3 for the Edge cross handle. Adjust the suffix to select your preferred handle: **J3D**: Round | **J3**: Cross. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section. For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV207/J3-BN.

HANDLE OPTIONS

- Widespread lavatory faucet with push-down, pop-up drain assembly with overflow.
- All Brass Construction
- Handles come preassembled on valves for ease of installation
- Flexible stainless steel supply line with sediment screens.
- Our filter screens prevent fouling of the cartridge
- Flow Rate: 1.2 gpm maximum
- Recessed aerators
- All Brass Valve Bodies

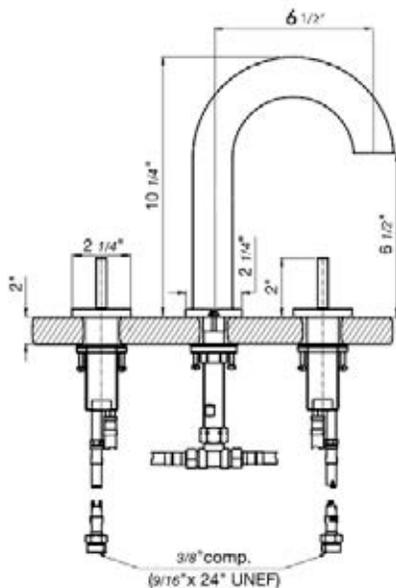

Refer to the table for all available finish options, codes, and details.

# Domino

COLLECTION

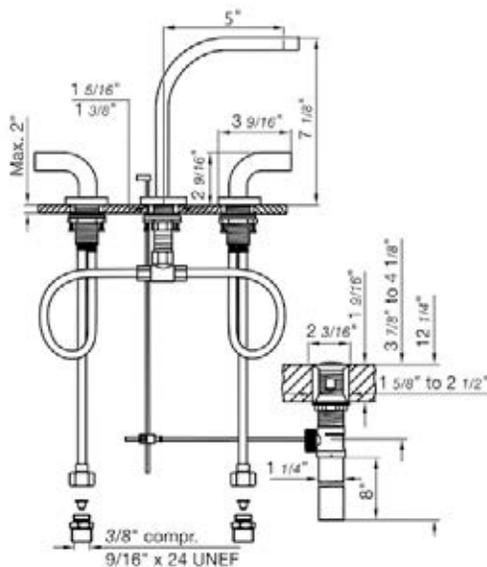

FV201/J4

Widespread Lavatory Faucet

- All Brass Construction
- Handles come preassembled on valves for ease of installation
- Flexible stainless steel supply line with sediment screens.
- Our filter screens prevent fouling of the cartridge
- Flow Rate: 1.2 gpm maximum
- Recessed aerators
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV201/J4 for the Domino collection.

Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section.

For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV201/J4-BN.

Refer to the table for all available finish options, codes, and details.

THE **HITO** COLLECTION IS AVAILABLE IN 3 OPTIONS: **Metal**, **Boreal** and **Nuvolato Stone**

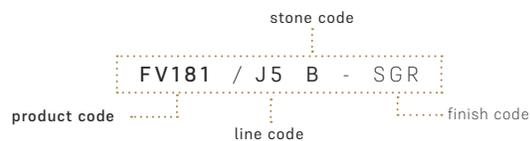

To order **Hito Metal**, use the designated code for the piece and add a suffix corresponding to the selected finish.

For Metal, employ "**J5**" and the selected finish.  
For Boreal stone, employ "**J5B**" and the selected finish.  
For Nuvolato Stone, employ "**J5N**" and the selected finish.

### STEPS TO ORDER

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

**Example:**

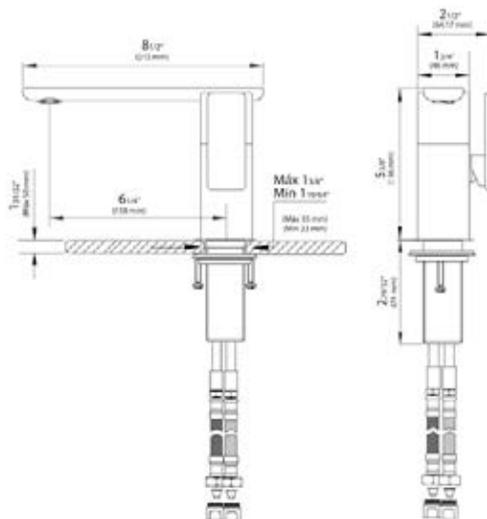

FV181/J5

Single handle lavatory faucet

YOU CAN CHOOSE YOUR STONE OPTION

- Single handle lavatory faucet with push-down, pop-up drain assembly with overflow.
- Flow Rate: 1.20 gpm @ 60PSI
- Stationary spout with recessed aerator device.
- Flexible SS connectors with sediment screens.
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV181/J5 for the Hito collection. Adjust the suffix to select your preferred stone and finish:

J5: Metal | J5B: Boreal | J5N: NuvolatoStone

STONE OPTIONS

BOREAL | J5B

NUVOLATO STONE | J5N

Refer to the table for all available finish options, codes, and details.

## GUIDE FOR ORDERING THE INDUSTRIAL COLLECTION

HANDLE TOP FINISH

HANDLE BODY FINISH

### HANDLE TOP FINISH OPTIONS:

- Red (R)
- Brushed Brass (BB)
- Satin Black (BK)

### HANDLE BODY FINISH:

Select based on the availability shown in the Finishes section.

Customize your faucet by selecting **different finishes for the handle top and body**. The handle top is available in Red (R), Brushed Brass (BB) and Satin Black (BK), while the handle body can be chosen from all finishes displayed on the left side of this page.

For a **uniform look**, you can match both finishes, selecting from the same options.

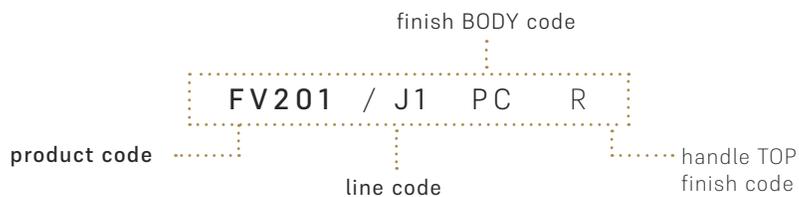

### STEPS TO ORDER

To order Industrial Chic faucet with handles in a uniform finish, simply use the base code followed by the suffix of your chosen finish. Example: If you want both the handle top and body in Polished Chrome (PC) for seamless look, your final code would be: FV201/J1-PC.

To order Industrial Chic with handles of a different finish simply use the above coding followed by a suffix of the handle color. Example of Polished Chrome with red handles is: FV201/J1-PCR.

For Red, use "R". | For Brushed Brass, use "BB". | For Satin Black, use "BK".

### Example:

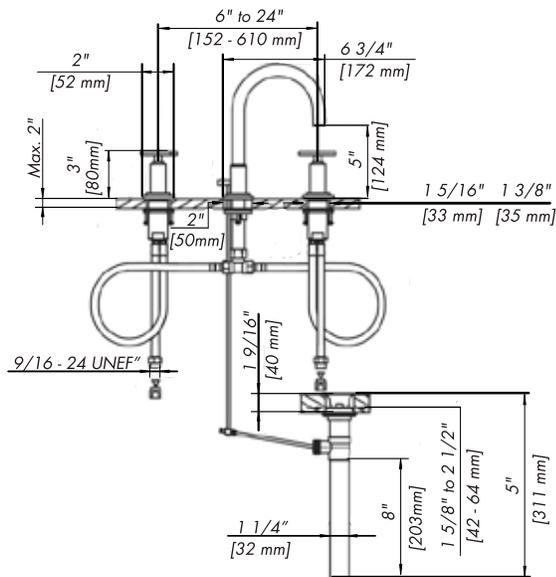

FV201/J1

Widespread Lavatory Faucet

YOU CAN CHOOSE YOUR HANDLE OPTION

- All Brass Construction
- Handles come preassembled on valves for ease of installation
- Flexible stainless steel supply line with sediment screens.

- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

How to customize your Industrial Chic faucet code:

Start with the base code: FV201/J1

Choose your handle body finish: Select from available finishes from the Industrial Chic Collection (found in the Finish Section on this page).

Choose your handle top finish:

- Red (R)
- Brushed Brass (BB)
- Satin Black (BK)

For your final product code:

Example: If you choose Brushed Nickel (BN) for the handle body and Red (R) for the handle top, your final code will be: FV201/J1-BNR

Refer to the table for all available finish options, codes, and details.

## EXPLORE OUR HANDLE OPTIONS

CROSS

LEVER | L

DIAMOND | D

KNURLING | K

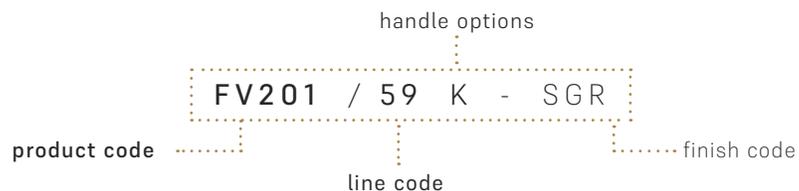

VERTICAL LINES | V

### STEPS TO ORDER

To order any of our handle options, begin with product code FV201/ and add the below suffix for the desired handle type:

For Cross, use "59". | For Lever, use "59L". | For Diamond, use "59D". | For Knurling, use "59K". | For Vertical Lines, use "59V".

#### Example:

FV201/59

Widespread Lavatory Faucet

YOU CAN CHOOSE YOUR HANDLE OPTION

- Widespread lavatory faucet with pop-up drain assembly.
- All Brass Construction
- Our filter screens prevent sediment build-up, protecting the faucet's performance and finish.
- Flow Rate: 1.2 gpm maximum
- Swivel Aerator
- All Brass Valve Bodies

HOW TO COMPOSE YOUR CODE

Start with the base code FV201/59 for the Nerea cross handle. Adjust the suffix to select your preferred handle: **59**: Cross | **59L**: Lever. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section. For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV201/59-BN.

### STEPS TO ORDER

To request products with different handle options, start with the base code FV201/K4 for the Konic Cross Handle. Simply append the appropriate suffix for you chosen handle:

For Lever, use "K4L". | For Cross, use "K4".

#### Example:

FV207/K4

Widespread Lavatory Faucet

YOU CAN CHOOSE YOUR HANDLE OPTION

HOW TO COMPOSE YOUR CODE

Start with the base code FV207/K4 for the Konic cross handle. Adjust the suffix to select your preferred handle: **K4L**: Lever | **K4**: Cross. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section. For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV207/K4-BN.

HANDLE OPTIONS

- Widespread lavatory faucet with push-down, pop-up drain assembly with overflow.
- All Brass Construction
- Handles come preassembled on valves for ease of installation
- Flexible stainless steel supply line with sediment screens.
- Our filter screens prevent fouling of the cartridge
- Flow Rate: 1.2 gpm maximum
- Recessed aerators
- All Brass Valve Bodies

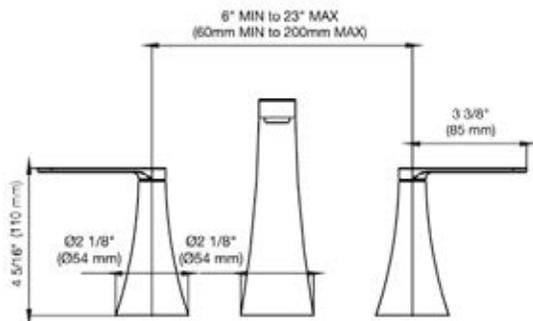

Refer to the table for all available finish options, codes, and details.

### HOW TO ORDER DIFFERENT FINISHES

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

#### Example:

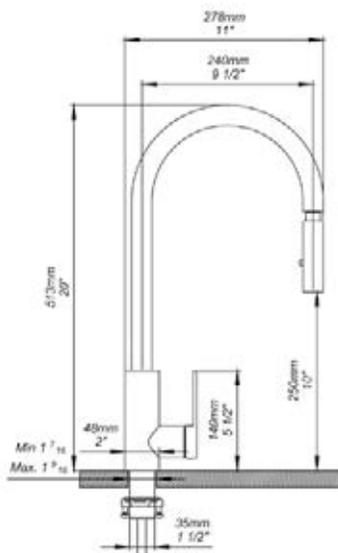

FV412/K5

Single handle deck mount kitchen mixer with pulldown sprayer.

- Flow Rate: Maximum flow rate through spray & aerator 1.6 gpm.
- All brass construction
- Flexible stainless steel connectors with sediment screens.

HOW TO COMPOSE YOUR CODE

Start with the base code FV412/K5 for the Moderno K5 collection. Then, add the suffix for your desired finish, which you'll find on this page in the Finish Section.

For example, if you choose the Brushed Nickel (BN) finish, your final code would be: FV412/K5-BN.

Refer to the table for all available finish options, codes, and details.

# EXPLORE OUR SHOWERING COLLECTIONS

SPECIAL  
FEATURES

ALL THE FINISHES SHOWN IN THE LEFT SIDE OF THIS PAGE ARE AVAILABLE FOR THE SHOWERING SELECTION.

## HOW TO ORDER DIFFERENT FINISHES

To request products that are available in different finishes, simply utilize the corresponding coding of the piece and append a suffix corresponding to the chosen texture.

Example with collection:

FV210 / K5 - SGR  
 product code      line code      finish code

Example without collection:

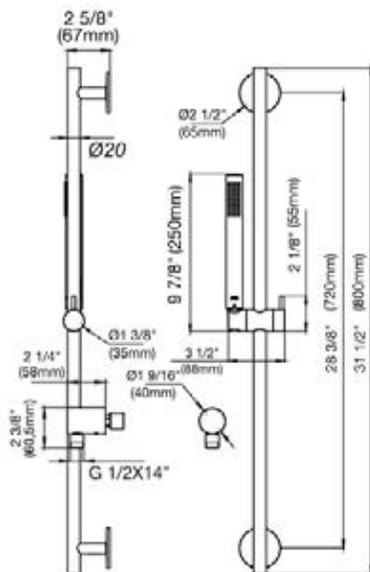

FV126 . 09 - SGR  
 product code      code      finish code

FV128.01
