AVAILABLE!

MHK720-35 (All Colors)

We are very pleased to inform you that the MHK720-35 sink is once again available to order and in inventory, in all colors.

Villeroy & Boch is now realizing acceptable and consistent yields with the new tool. In turn, Franke has received consistent shipments and have been able to build inventory back above the historical levels required.

We thank you for your patience as we worked through this issue. We recognize that it has been a difficult one. But one with a positive outcome. We will begin taking orders for these sinks as of July 8, 2008.
