Union Hardware

Z Metal Tops & Panels

UNION HARDWARE

Union Hardware, of Bethesda Maryland is the first in the nation to order Z Bronze Surfacing. While attending the Decorative Plumbing and Hardware Associations 2008 Conference, they saw our prototype vanity table Z counter-top. Always looking to improve their showroom; they saw the opportunity to bring a new product into their showroom. These counter-tops were custom fabricated to fit their new cabinets for the front counter area, of their showroom. The largest of these tops was 10' 2" x 30". They all had a beveled edge and a textured top surface.

We would like to thank David, Barry and Charlie of Union Hardware for their trust and support in Bates and Bates and our new Z Metal Surfacing.

POSITANO

ADEX AWARDS TRIFECTA

Dear Paula,

Design Journal Magazine, the international trade publication for interior designers, architects and facility managers is the proud sponsor of the

ADEX Awards. They have announced that Bates and Bates has won three prestigious awards for 2010. Platinum, the highest award, was presented to our Zarina kitchen sink. Gold, the next award, was presented to our Positano in Joshua Sandstone lavatory. Silver, the final award, was presented to our Barbie in Black. ADEX stands for Awards for Design Excellence and is the largest and most prestigious awards program for product design of furniture, fixtures and finishes marketed to the design trade. To win one award is an accomplishment. Winning all three is a wonderful achievement.

Z METAL SURFACING

Introducing the newest and most unique surfacing material available on the market. Unique because they are made by combining the new Z Metal exterior surface with an inner core of eco-friendly recycle materials to achieve a thing of beauty.

Offered exclusively by Bates and Bates, this unique material is easy to clean and incredibly durable. Z Metal is non-porous. It inhibits bacteria and the growth of mildew. Soaps, toothpaste and cleaners will not damage these products. Simply clean with Bar Keeper Friend, water and a sponge.

We can create for you a vanity counter-top, large or small. Almost any shape is possible. Why stop there; counter-tops for a bar area, counter-tops for outdoor kitchens, back splashes, bath surrounds, moldings, tiles, decorative architectural details, panels for shower enclosures, even table tops or fireplace mantels.

Z Metal surfacing adds another element to your pallet of design tools helping to create a living environment that reflects the tastes and lifestyle of your client.

If you have a use for our new Z Metal surfacing, or have any questions, call us at, 800-726-7680 or email us at, website@batesandbates.com. We will work with you to design whatever you need for your project.
