Re:	AKER Obscure Shower Door

To Sales and Customer Care Representatives:

The Obscure shower door (Model 103806-919-084) does not fit with the shower ACSH-3P-48 (Model 141051-S-000) because the door opening dimensions were changed on January 19th, 2009.

These corrections should be noted in the AKER Price Book, page 102. Remember to pass this information along to customers, so they have the most up-to-date information when ordering products. We also made this update to the website.

Please direct any questions to Product Director Carlo DiPietro via email at carlo.dipietro@maax.com or via phone at (514) 634-8981 ext 2342.

Thank you for your partnership and flexibility.
