CUSTOMIZING STONE COLORS

(EFFECTIVE DATE 8/6/09)

Customizing styles with stones is available for a **\$50 net set up fee per style per order, NO minimum**. This is a final sale, no cancellation after 48 hours, and no returns. Not all stone colors are available in all sizes. If we can not get the appropriate size, we will call you within 24 hours. When in doubt, CALL US!

WE ONLY STOP AND READ DESCRIPTIONS WHEN WE SEE THE “C” IN FRONT OF THE STYLE NUMBER

Writing the custom style for museum gold plate is as follows:

Type a “C” in front of the style number, then the 4 digit number (body style). Refer to the stone color code listed below which follows the body style with a “/color #”. Include a full description of the style including the specific color.

EXAMPLE C7737/5 Waldorf knob; museum gold; Montana Blue crystal

Writing the custom style for burnish silver plate is as follows:

Type a “C” in front of the style number, then the 4 digit number (body style). Refer to the stone color code listed below which follows the body style before the “/ color # 6” (the “6” at the end of the style tells us it is burnish silver). Include a full description of the style including the specific color.

EXAMPLE C7737/56 Waldorf knob; burnish silver; Montana Blue crystal

Writing the custom style for burnish brass, antique nickel, Florentine gold plate, or matte silver plate is as follows:

Type a “C” in front of the style number, then the 4 digit number (body style), then the metal code (burnish brass=BB, antique nickel=AN, Florentine Gold=FG, and matte silver plate=MS). Refer to the stone color code listed below which follows the metal code.

CUSTOM COLOR

Customizing color is available for a **\$50 net set up fee per style per order, 5 piece or pair minimum**. In all cases, no matter what the finish is, we use the museum gold price for the list price. This is a final sale, no cancellation after 48 hours, and no returns. In every case, it is best to call us on customizing color. Because we are mixing colors (like paint), it is important to go over the request with Jenny. If there is a color in the collection for reference, please know the style number when you call. If it is a color NOT in the collection, we will need a color chip from the customer (it can be tile, fabric, paper, etc).

We can come very close to matching colors; however, there is always a subtle difference from one medium to another. We can NOT do white to ivory colors.

EACH CHANGE, IE FINISH, ENAMEL, OR CRYSTAL, WILL BE A \$50 EACH SET UP FEE.

EXAMPLE: 7143/2: CHANGING FINISH TO B. SILVER \$50, CHANGING COLOR TO SAPPHIRE \$50, CHANGING CRYSTALS TO CLEAR \$50 **PLUS** IT MUST BE A MINIMUM OF 5 PCS.
