## Introducing CeraLine™

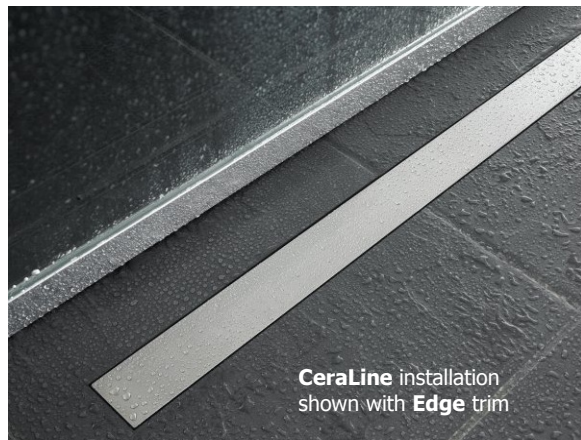

### The Fine Line in Shower Drains

California Faucets is pleased to present the award-winning CeraLine channel drain system. No other channel drain can match CeraLine's design and technology, including:

- Trim sizes from 28 –48 inches allows installation flexibility in showers ranging from 32 to 52 inches wide.
- Three distinct trim styles: Metro, Edge & Custom.
- A choice of 7 different finish options
- High capacity drainage
- Height-adjustable capability to ensure flush-to-tile installation every time.
- Compatible with all waterproofing methods including hot mop, PVD/CPE or liquid membrane.
- Engineered for North American installation requirements.
- Winner of Europe's most prestigious design awards

**All CeraLine drains are In-Stock for Immediate Shipment!**
