Drain fittings for GRANIX sinks:

THE PERFECT MATCH

Julien is now introducing 4 new models of drain fittings made of heavy duty PVC, matching its GRANIX sinks line. Each one of them has a 3-1/2" diameter complete strainer and includes a deep PVC basket insert strainer that lifts out for easy cleaning. Available in **beige** (100 099), **white** (100 098), **black** (100 101) and **brown** (100 100) finishes imitating quartz, these drains are the perfect complement to every GRANIX kitchen and specialty sink. The black drain matches with black, jet black and inox GRANIX sinks.
