

Due to the inconsistency in color, we have decided that we must **discontinue the Cirrus caramel knob and pull from our collection of knobs**. It's a beautiful color, and we really wanted to maintain it in our collection, but the color is just too difficult to keep consistent. I hope that you understand our reasoning for doing so.

If you could remove these pieces of hardware from your Sietto sales collection, we would greatly appreciate it. The products codes are K-307, LK-307 and P-307.

We would greatly appreciate it if you could forward this email to all appropriate parties in your company.

Thanks very much,

Drew Kates
