

Liebherr has discontinued production of 30" built-in refrigerators. The models C-1601, C-1650, C1651, CI-1601, CI1650 AND C-1651 are affected. Almo has some inventory availability so please call them if you have a customer interested in one of these models to see if it is available for them.

New integrated models will be available sometime 1st quarter 2012. I will keep you informed as soon as I get more info.

Good Selling!

Tony
