

Renaissance®

Single and Double Wall Ovens

Performance and Beauty

The Renaissance Wall Oven is a brand new interpretation of a classic. Same timeless design, but now with even more advanced features inside. Having a dinner party? Cook everything at once in the largest capacity oven available. All your flavors will stay right where they're supposed to thanks to the Pure Convection System that circulates the air evenly throughout the oven. There's even a meat probe for a perfectly cooked meal every time.

Renaissance 30" Double Wall Oven

Renaissance® Single and Double Wall Ovens

Features:

- **Electronic Control Panel** with Glass Touch controls and innovative control functions
- **Best-in-class 4.8 cubic feet oven cell capacity** with 7 rack positions for serious entertaining
- **Hidden Bake Element** for easy clean up
- **Exclusive Four-Part Pure Convection™ System** with fan, heating element (2200W), air baffle and convection filter, reduces cooking time, provides superior heat distribution, and eliminates flavor transfer
- **RapidHeat™ Broil Element** (3,500W) uses an 8-pass radiant ribbon ceramic element to broil food quickly and evenly
- **6 Cooking Modes:** Convection Bake, Convection Broil, Convection Roast, Pure Convection™, Bake and Broil
- **Jet Black Porcelain Oven Cell** won't discolor with frequent use.
- **Control Features:** Delay Timed Cooking, Timed Cooking, Automatic Hold, 10-Key Pad, Clock, Two Timers
- **Dehydrate and Proof** settings for more advanced culinary enthusiasts.
- **Automatic Hold** switches oven into a Keep Warm mode when desired cook time is complete so you won't overcook your food.
- **Reverse Air Flow Cooling System** keeps oven door temperature comfortable to touch
- **Digital Temperature Probe** connects to controls and switches oven into Automatic Hold when desired internal food temperature is reached
- **GlideRack™** fully extends out of the oven using a smooth gliding ball bearing system. Great for moving heavier dishes in and out of the oven easily
- **Halogen lighting** and extra large window provides improved visibility during cooking.
- **Self-Cleaning Oven**
- **Sabbath Mode;** Star-K Certified (www.star-k.com)
- Refined professional Epicure Style or sleek sophisticated Millennia Style
- Designed and Manufactured in California
- 100% Recycled Packaging
