Info:

iBox Universal Rough – 01850181

Beginning **January 1st, 2012**, iBox Universal Rough will begin shipping without 3/4" x 1/2" NPT reduction bushings. Hansgrohe believes this is a positive change for the following reasons:

- Standard 3/4" Female NPT connections are provided
- Usage of the bushings is at less than 20% of installations
- Fewer connections / no redundancy in the wall is obtained with the usage of a proper 3/4" NPT x sweat / PEX / CPVC connections
- Speed and ease in installation without the bushings
- Sparepart 88751000 is available with 4x bushings if desired (List \$24)

The iBox Universal Rough will still include one 3/4" plug, for use where applicable.
