

New Design for the Stylemate Neo-Angle Enclosure

E.L. Mustee has announced that their Stylemate Neo-Angle Enclosure for the 400 Series has been redesigned with cleaner lines, faster installation methods and less calking.

This is a running change that is currently in process. They will not be assigning new model numbers for the new design and they will be used once the old designs are depleted.

Please see attached pictures of the new design for your convenience.

Please contact Bev at howellb@preferredsales.com or 724-704-7603 with any questions.
