FEATURES

★ STAR SPEED CYCLE

A full wash cycle in just 20 minutes – the fastest in the industry. That's Star Speed, which takes advantage of innovative water-preheating to give cooks the freedom to entertain more efficiently, and enjoyably. A record-setting full wash speed means the ability to make use of prep dishes, utensils, plates, and fine stemware multiple times over the course of an evening of entertaining, daytime get-together, or a large party.

★ LARGEST WINE GLASS CAPACITY

Accommodates up to 18 large wine glasses into the top and bottom rack, more than any competing dishwasher.

★ TIME REMAINING POWERBEAM™

Our Star-Sapphire dishwashers offer a convenient Time Remaining PowerBeam Light that projects cycle status and time remaining on the kitchen floor.

★ SMOOTH GLIDE RACKS

Sleek charcoal-grey racks are newly-engineered to glide effortlessly without jarring or sticking, delivering a more pleasing loading and unloading experience.
